

MISSIYA 2 · BONUS

O'z Yeringni och

Yerni ochib ko'r — sayyoramiz
nimani yashirayotganini bilib olasan.

● 20 daqiqa · 7–10 yosh

KERAKLI NARSALAR

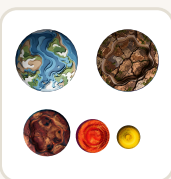

Qaychi

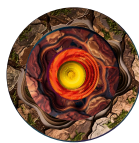

Yelim

ШАГИ

Шар 1

Yo'riqnomadan 5
ta **doirani** qirqib oling:

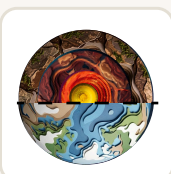

Шар 2

Doiralarni markazi bo'yicha
kattasidan kichigiga qarab
ustma-ust yopishtirib chiqing.
Bu Yerning kesimi.

Шар 3

Yer qopqog'ini **teng**
ikkiga buking

Шар 4

Qopqoqni Yer kesimining ustiga shunday qo'yingki, buklash chizig'i
markazdan o'tsin. Qopqoqning **faqat pastki** yarmini yelimlang. Yuqori
qismi ochiladi — o'z Yeringni och!

BILASIZMI?

Hech kim hech qachon Yerning ichida bo'lmagan — hatto eng chuqur konlar
ham bor-yo'g'i 4 km ga boradi. Yadrogacha esa 6370 km! Olimlar Yerning
qatlamlari haqida zilziladan tarqaladigan to'lqinlar orqali bilib olishgan.

Men o'z Yerimni ochdim!
